WELCOME!

The First Tee of Silicon Valley is thrilled to be conducting its 13th year of programming and is committed to developing youth through golf throughout Silicon Valley. We are proud to have you as supporters.

Thank you to our friends at Cinnabar Hills, The First Tee of Silicon Valley's Directors, Ambassadors, staff, and our many volunteers for all of their efforts to make this program and the Open such a rousing success.

Our mission is to impact the lives of young people by providing educational programs that build character, instill life-enhancing values and promote healthy choices through the game of golf. Participants learn to appreciate diversity, resolve conflicts, and set goals for their future.

Our program is affordable and accessible. Your generous financial support has enabled us to serve over 8,000 young people this past year on our golf courses and in our community, bringing the total number of youth in our program since 2005 to over 60,000. Approximately 25% of our 2017 participants received significant financial assistance and paid only \$20 for an 8-lesson class season. Our participants behave better, get better grades, and are healthier than their peers. Over 85% report earning all A's or B's in school.

We hope that you have a wonderful time today, learn much more about The First Tee of Silicon Valley, and find ways to get more involved. Consider donating golf equipment, coaching, hosting an open house to expand our circles, sponsoring us, or having your company match your donation to us. Thank you for being part of our ongoing success!

Best,

Ron Hallagan & Greg Staszko,
Directors & 2018 Open Co-Chairs
